Westport Resources Selected as One of The Most Dependable™ Wealth Managers of the Northeast United States for 2009 by Goldline Research

WESTPORT, CT -- Westport Resources, a leading financial advisor serving individuals, families and institutions around the world, today announced that it has been selected by Goldline Research as one of The Most Dependable™ Wealth Managers of the Northeast United States for 2009. The list of the Most Dependable™ Wealth Managers of the Northeast United States is scheduled to be published in the March 30 issue of Forbes magazine.

“We are thrilled to be selected by Goldline and happy that our investment managers and our entire staff is being recognized for their passion, hard work, and diligence in being the stewards of our clients and their money,” said John Adams Vaccaro, CFP®, CLU, Founder and Chief Executive Officer of Westport Resources.

“Those that were selected provide outstanding client service that we believe has exceeded industry standard,” said Dana Mahoney, Analyst, Goldline Research. “These providers are helping to set new benchmarks for the industry as a whole.”

Goldline Research conducted its annual evaluation of independent wealth management professionals of the Northeastern United States from December 2008 through February 2009. During the research process, Goldline identified more than 2,000 Securities and Exchange Commission (SEC) registered investment advisors (RIA’s) and more than 4,000 individuals holding the Certified Financial Planner (CFP®) designation in the region.

Westport Resources (www.westportresources.com) based in Westport, CT provides wealth management services to individuals, families, institutions and municipalities empowering them to realize their visions, optimize their resources and proactively manage risk through its customized and innovative solutions, independent research, dynamic planning, meaningful reporting and passionate client service.

Goldline Research (www.goldlineresearch.com) is an independent market research firm that specializes in evaluating professional services providers to help consumers identify and select leading services firms. Goldline Research’s proprietary research process includes market analysis, individual company interviews and, in many industries, interviews with consumers of those services to gain feedback on market conditions and provider service levels. Goldline Research’s lists have been published in leading publications including local, regional and national magazines.
